Wealth is Different Here

At Frontline we have a great team of experienced experts, well-versed on the complexities and intricacies of wealth management.

We take a whole new approach to growing, managing, and protecting your money. It's based on a belief that comprehensive wealth management shouldn't just be available to the ultra-rich, but to everyone who walks through our doors. That includes you - whether you're a young family who wants an early start on RESPs and RRSPs, a mid-life couple ramping up for retirement, or a senior who needs a tax-efficient approach to retirement income and estate planning. We also have a Certified Executor Advisor on staff, who is an accredited specialist advising Canadian executors using a team-oriented networking approach in the course of their duties as executor. This added service is provided at no charge.

whole family financial services

It's all about you!

Frontline Financial Credit Union is a full-service financial institution that proudly provides products and services to everyone who works on the front lines of our communities, including...

- Firefighters
- Police Officers
- Health Care Employees
- Hydro Employees
- Paramedics
- Support Staff
- Family and Friends
- And those who live or work in Ontario.

Finally, a financial institution that understands your needs and helps you achieve your financial success.

People before profits!

We're banking at its best!

Credit unions are financial cooperatives, not banks. Our products, services and operations resemble those of banks, but there are some major differences. The biggest ones are that we're locally owned by our members, and we invest our profits in the communities where we operate, where our members live and work. We follow a Market Conduct Code that shows our commitment to the fair treatment of all those who use our services. Frontline Credit Union is authorized to operate in Ontario.

We're democratically governed on the cooperative principle of "one member, one vote," regardless of the amount that a member has on deposit or invested in the shares of a credit union.

Deposits are insured by the Financial Services Regulatory Authority of Ontario (FSRA), which covers eligible deposits in Canadian dollars up to \$250,000.

Additionally, FSRA provides unlimited insurance for each registered savings plan or contract, including registered retirement savings plans (RRSPs), registered retirement income funds (RRIFs), registered education savings plans (RESPs) and Tax-Free Savings Accounts (TFSA's).
